Put Your Navigation Skills to the Test!

Do you have what it takes to master the art of giving and following directions? The **Giving Directions Competition**, organized for I & II B.Tech students by the **ECHO CLUB**, invites you to team up with your partner and showcase your landmark-naming talent! You will be given a map of a town or colony with various landmarks. One person will give directions while looking at the map, and the other will mark the landmarks as directed on a blank sheet.

- Come prepared with vocabulary for giving directions.
- Each team will have 10 minutes to complete the task.
- You may repeat the directions if necessary.
- If the person marking gets confused, they can ask for clarification using embedded questions, such as, "Could you direct me from the hotel again?"
- You cannot take advantage of the colours.
- All landmarks must be named.
- Make sure to use appropriate giving directions vocabulary.
- In addition to giving directions vocabulary (e.g., go straight, on the right), try to incorporate transition words like "first," "next," "furthermore," "now," "after," and "again" to make it easier for the person marking.

Team Composition: 2 members per team (both must register individually).
